

Building *Better* Pharmacy *Benefits*

Our Partnerships

We've partnered with WLT Software to simplify and streamline data and workflows.

Seamless exchange of accumulator data between MediClaims and ChoiceScripts

Rx transaction imports automatically update medical deductible and maximum out-of-pocket accumulators

Medical accumulator export data easily uploads to ChoiceScripts

Fluid data exchange provides access to timely insights, allowing for informed decision making

Our Expertise

We are led by licensed pharmacists, which means we believe in evidence-based care that drives behavioral change and improves the cost of care and overall well-being for employers and their employees. At ChoiceScripts, we are not afraid to think outside of the box to construct something different for you.

Our Flexible Solutions

We build on a foundation of flexibility to craft your ideal pharmacy plan.
